MTA4

1/8 4WD NITRO MONSTER TRUCK

THUNDER TIGER
PRO-21BX-R(P) ENGINE

Blue Body

Red Body

Features

- High power and reliable .21 size engine that has two different starting methods (pull start and hex shaft start).
- A very rigid, extruded aluminum channel chassis was used to handle the stress of the long travel suspension and high power of the .21 size engine.
- Reliable, two-speed, adjustable automatic shifting, forward and reverse transmission.
- Long travel suspension is controlled by 8 adjustable oil damped shocks which handle jump heights in excess of 2 meter.
- One piece electronic equipment container unit.
- The large, non-stopping fuel tank features a dual fuel-pick-up system.
- Fuel line with primer pump.
- High impact absorbing front and rear bumpers protect the chassis and suspension during hard landings and tumbles.
- Realistic styled body shell, wheels and tires match the design of full size monster trucks.
- Easy & quickly body open system.
